TUAREG | DINING CHAIR

The blue and brown colours of the twill used to cover the TUAREG dining chair reminds us the cold nights in the Sahara desert, where most ancient TUAREG tribe lived. They were known for their nomadic lifestyle and for their great skill of constructing temporary structures. These structures had several styles; some covered with animal skin, some with mats, variations depending on location or subgroup, but all with the same purpose, to give protection from the sun and sandstorms while providing home for the habitants. TUAREG dining chair complements every dining room with its elegant shape and with its essence of protection.
