Канадские реки в мраморных берегах

В центре внимания в Канаде не только великие реки и озера, но и прекрасные пейзажи, которые можно увидеть только в Канаде. В этом году Brabbu представил коллекцию мебели, вдохновленную природой Канады. Коллекция включает в себя журнальный столик, стулья и лампы, выполненные из натурального мрамора и дерева. Это идеальный выбор для тех, кто хочет добавить в свой интерьер нотку канадской природы.
